

## Men's Captain's Report 2018

### **Men's A**

We equalled our best ever position – 3<sup>rd</sup> place in the Premier League, same as last year, in a very strong division. Only a few years ago we didn't have a Team in the top League, so we really have never had it so good.

Adam was 3<sup>rd</sup> in the league stats and considering the standard of players in the Premier league that is a great achievement.

### **Men's B**

A good performance in a very strong division 1.

To show how skewed the Division 1's were this season - In Div 1B (which contained Cirencester B) Cam & Dursley A recently relegated from the Premier League scored only 20 points, whilst the Cam & Dursley B team, playing in the other Division 1 scored 28 points finishing a point off second place. Had Ciren B team been in the other division I, we would have been close to promotion.

Top performers Hugh, Dan and Oscar.

I'd like to thank Joe who took on the B team captaincy and child birth with equal enthusiasm this year.

### **Men's C**

Thank you to David Clark for skippering and for guiding the C team to a mid-table position in Division 2.

Special mention to Charlie Jeffries for hosting team practices all season and to newcomers Jon Lee and Alex Shaw (Alex finished in the top ten in the stats for this league).

### **Men's D**

A great season for the men's D team finishing third in Division 3. In fact had their championship tie break win loss record been better who knows promotion may have been forthcoming.

Jeremy was the top performer for the team and 5th overall in the Division.

### **Men's E**

Captained well again by Christophe.

The Mens E team won promotion last year so it was always going to be a tough year and so it proved with the E team being relegated back to Division 4. Nick and Barry being the top performers in the team.

### **Men's F**

Captained by Pete - this team also had a promotion last year and again found it tough in the higher division and were relegated back down. Toby being the top team performer.

A final couple of thank-yous

Firstly I think the main reason for our continuing improvement is our Head Coach so thank you again to Adam.

And secondly a thank- you to all the players, for heading all over Gloucestershire representing Cirencester in over 200 matches this season, playing in such great spirit and hopefully enjoying the tennis at the best tennis club in Gloucestershire.
