

The courts at Cirencester Tennis Club continue to be filled with eager and excited juniors taking part in the Phoenix Tennis Programme. There are still a variety of squads and coaching sessions on offer on most nights of the week, with an ample supply of eager and engaged parents. Jono continues to run a great programme of events for our junior players and his online booking system allows for ease of use and clarity over numbers attending. We have a good selection of ages attending and come rain or shine, there is a great atmosphere on court.

We ran a great Junior Club Championship in 2021 and we have this years event coming up just next week on November 5<sup>th</sup>.

The committee have also agreed that we will start introducing some junior LTA tournaments and have lined up a wonderful LTA referee who is very excited to start working with CTC from 2023. These events will take place on a Saturday or Sunday afternoon when there is less demands on the courts.

The introduction of the new security gate at the club also means that we are fulfilling our safeguarding responsibilities and while children are attending sessions at the club, we can ensure they are kept entirely safe and accounted for.

Also to note, we now have three junior players who are playing for Gloucestershire County; a great achievement.

We look forward to a continued year of success with our juniors.
